

# Add more teacher to your course

Step1: Go to your [Course Administration].

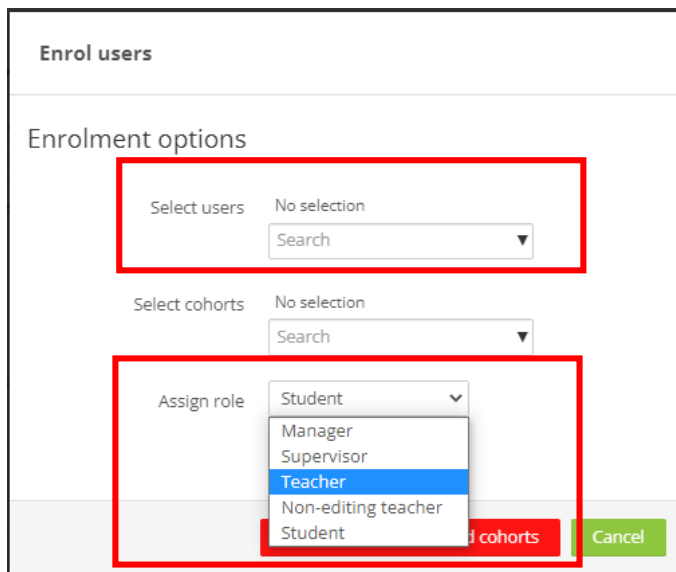

Step 2: Click [Enrol users] button

Home > My courses > TKT1001 > Participants

### Step 3: Search the user

The screenshot shows a web interface titled "Enrol users". Under the heading "Enrolment options", there are three main sections: "Select users", "Select cohorts", and "Assign role". Each section has a dropdown menu with "No selection" and a "Search" button. The "Assign role" dropdown is open, showing a list of roles: "Student", "Manager", "Supervisor", "Teacher" (highlighted in blue), "Non-editing teacher", and "Student". At the bottom right, there are two buttons: "Enrol cohorts" (red) and "Cancel" (green).

#### INSTRUCTIONS

1. Set "Assign roles" to "Teacher".
2. Type the name or email of the teacher under Select users. It will automatically search for the name. Click the name.
3. Lastly, click button "Enrol selected users".
