

Embed a "Facebook's Post" to the course's activity

Facebook's Post

A facebook's post can be embedded into KeLIP course. This item will be counted as ONE activity for the mode blended items. The post can be used as an alternative way of conducting discussion that is similar to the KeLIP's FORUM.

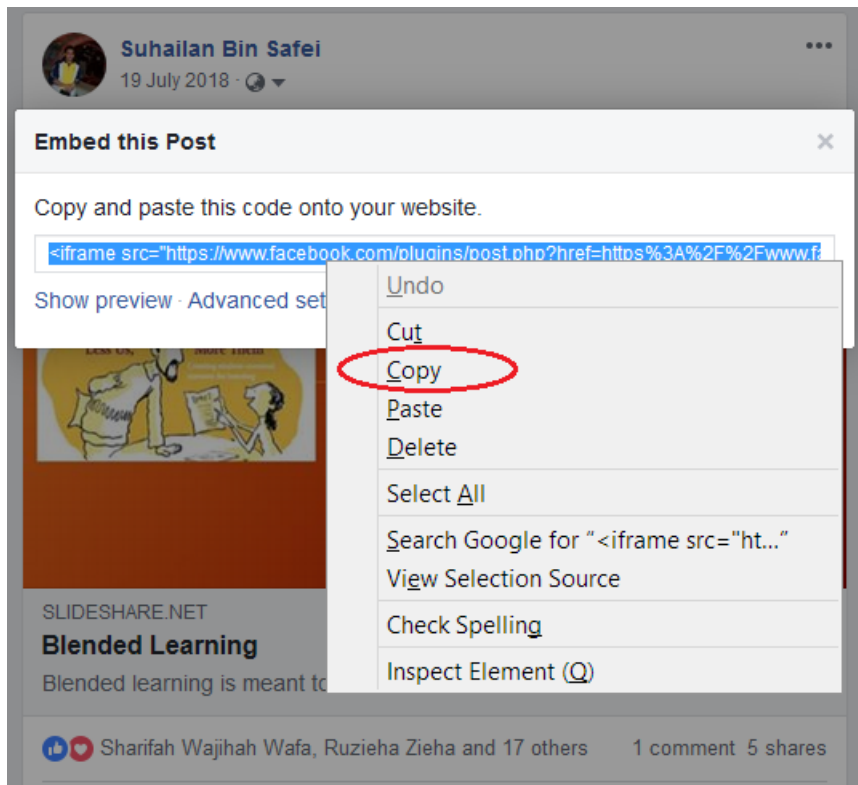

Step 1: Find the facebook's post

Go to your facebook, and find your public post that want to be shared.

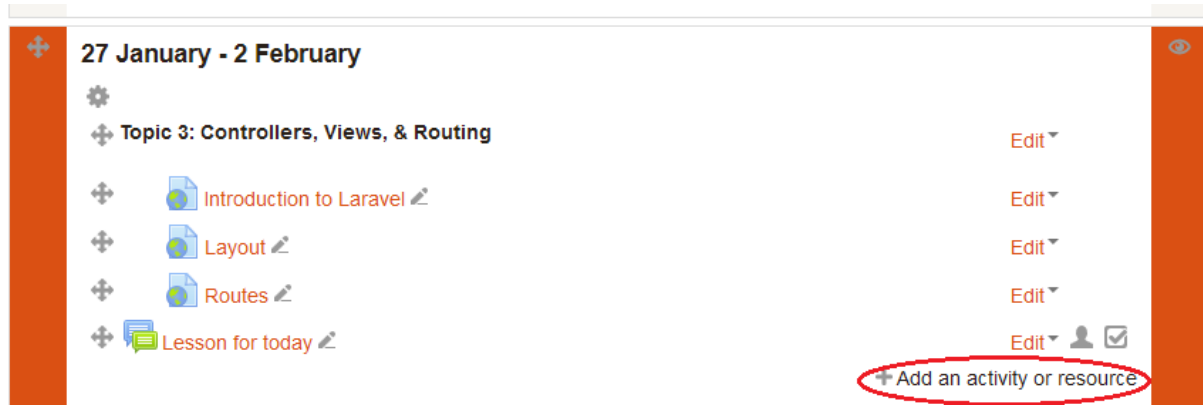

Step 2: Get Code to Embed

View and copy the embedded html codes of your facebook's post as the following.

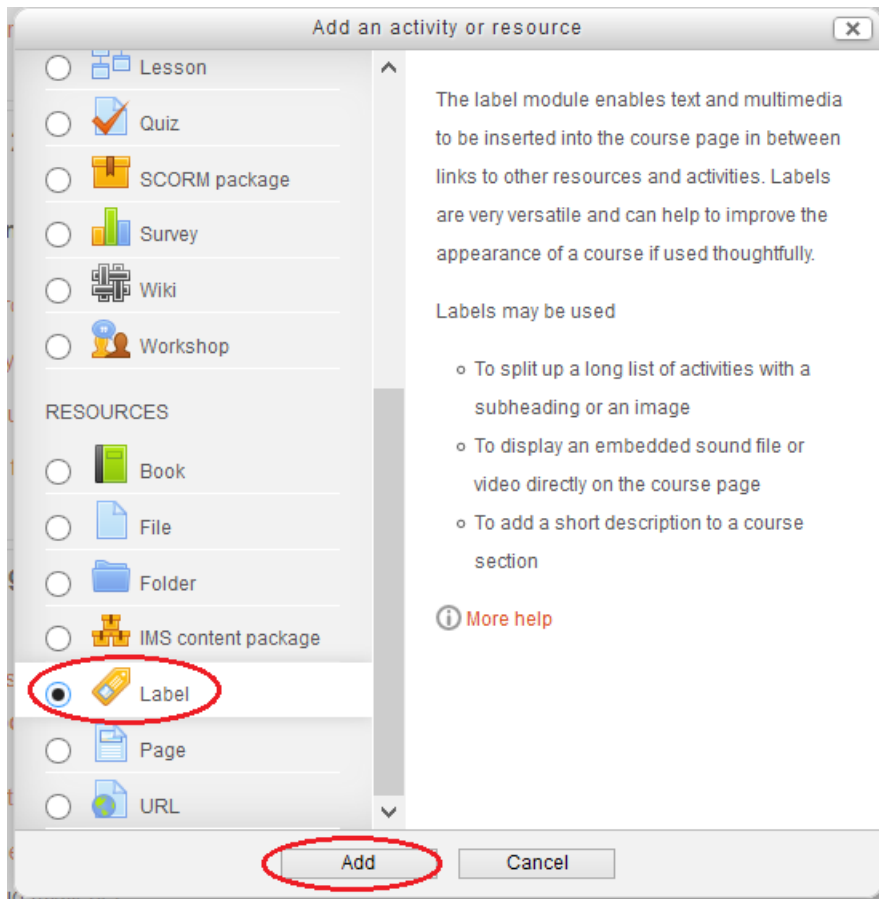

Step 3: Add KeLIP activity

Open your KeLIP and Turn On course setting. Add a new activity to your course content.

Step 4: Add a Label

Choose a Label as the new activity.

Step 5: Add text for the activity

Add some instructions for this label activity.
